

# Solving Valve and Actuation Applications for the Water and Wastewater Market Since 1906

Automatic Control  
Valves and Air Valves

Water and Sewage Air  
Release/Vacuum Valves,  
Pinch Valves

Butterfly Valves, Plug Valves,  
Check Valves, Air Release  
Valves, Ball Valves, Knife Gates,  
Cone Valves, Sleeve Valves

Electric, Pneumatic, Hydraulic,  
and Electro-Hydraulic Actuation

## APPLICATION ENGINEERING & LIFECYCLE SERVICES

- Design and specification support for cities, contractors, and engineers
- Sizing and design for control valves and air valves
- Design and fabrication of custom extension bonnets and torque tubes
- Hydrostatic valve testing
- Quick ship capability from extensive valve and actuator inventory
- Sizing, mounting, and testing actuators directly onto a valve
- Preventative maintenance and repairs of valves and all brands of actuators
- Passive tank mixing solutions
